Technical Data Sheet

7176 Low Tack Paper Application Tape

Product Description:

An economically priced, standard weight saturated blue paper with low tack adhesive is release coated for easier unwind. The product is used for the clean pick-up and transfer of lettering and graphics. It is wrinkle free and leaves no residue or oil. The 7176 is recommended for use with digital and ink jet graphics. The 7176 provides excellent adhesion for transfer of medium to large letters and graphics to their target source for installation and offers a simple release after use.
