

## tesa® Printer's Friend 4863 PV3

Silicone rubber-coated fabric tape with outstanding "grip" properties

tesa® Printer's Friend® 4863 consists of a specially treated fabric covered with a silicone rubber coating. This embossed surface is highly resistant to "sticky" substances, yet provides a reliable "non-slip" effect on smooth substrates. The embossed surface optimizes and prolongs non-slip properties.

### Main Application

tesa® Printer's Friend® 4863 is specially designed for roller wrapping applications. In many cases, a new covering may be applied without removing the roller from the machine.

Industries include:

- Printing industry
- Textiles industry
- Adhesive tape manufacturers
- General, web-based processing & converting industries
