

tesa® 51194

tesa® 51194 is a double-sided tape. It consists of a splittable paper backing, modified synthetic rubber adhesive and a PET-film based liner.

The following features are provided:

- Special splittable backing leaves no open adhesive residues
- Splitting force especially adjusted to high grammage paper and board
- Very low deviation of the splitting force
- Very good adhesion even on PE- and PP-coated surfaces as well as on board
- High initial tack

Colour: Pink

Main Application

tesa® 51194 is designed for core starting and end tabbing applications in the paper and liquid board packaging industry. It is especially suitable for PE- and PP-coated surfaces as well as for high grammage paper grades and board.

- Core starting: also compatible with automatic dispensers
- End tabbing: the splittable backing allows (semi-) automatic roll opening
